FIM World Touring Challenge 2018

Dear members of the FIM Family,

The FIM and its Touring & Leisure Commission (CTL) want to congratulate you on the participation of your members to the first “FIM World Touring Challenge” competing in the individual classification.

We have had a total of nine registered participants, from which, three of them have differentiated themselves by having a total score of 9 points, and thus there are three winners.

We are pleased to announce that the following individuals are the winners of the 2018 FIM World Touring Challenge:

- Salvatore VARALLO (FMI);
- Thierry QUINCHE (FMS); and
- Roberto NATALI (FMI).

However, according to the FIM code for touristic gatherings, in case of a tie, the title is awarded to the youngest of age, thus Mr. Salvatore VARALLO (FMI) is the 2018 individual FIM World Touring Challenge holder.

Congratulations!!

We also inform that no FIM's ceremony will be held and that certificates for winners will be sent to the FMNs addresses.

Regards,

Damiano ZAMANA
CTL Director
